

AROUND THE WATER BOWL

October 2023 Edition

In The Spotlight!!!

Meet Harlow

Harlow is a sweet Bernedoodle who recently graduated from our Puppy Camp program. When she arrived we made it our mission to send her home with excellent manners, a potty training schedule, and lots of confidence. Her family did a great job incorporating all of the things she learned from Camp in their home!

Training Tidbit

PLACE

One of the most valuable skills I believe you can teach your dog is a “place” cue because it has a wide variety of uses in and out of the home. This cue teaches your dog to go to a designated spot when asked, and to stay there until they are released.

Monthly Minute

Hello friends,

We have some upcoming events we are excited to share with you!

Costume Contest & Open House.
October 28th - 5-8 pm

Agility Video Trial-November 10th - 5-7 pm

Scent Work Video Trial-December 8th

Keep an eye on our Facebook page for all the details.

Tasty Treat Recipe

Sweet Potato Dog Chews

Ingredients: 2 sweet potatoes
Preheat oven to 250 and line a baking sheet with parchment paper. Wash the skin of the potatoes well. Cut the ends off, and then slice using a sharp knife. You can do coin shape if your dog is small, or lengthwise, if you have a bigger pup. Make sure they are at least 1/4 inches thick, otherwise, they will be too hard. Place the slices on the baking sheet and bake for about 3 hours, flipping over halfway between. Turn off oven, but leave the chews inside the oven as it cools. These will keep in a sealed container for up to one to two weeks.
